

Hayes Township Residents: Volunteers Needed!

In preparation for our 2022 Spring Clean Up, we are looking for volunteers in our amazing community who can assist other residents with getting their items for clean up to the curb.

If you (and even a few more able-bodied friends/neighbors) would like to help for a few hours before June 18, please email or call us with your contact information. We will make all the appointments and arrangements on our end and assign to volunteers as needed.

If you are a Hayes Township resident who needs assistance getting your items to the curb for Spring Clean Up, please contact us.

We want to make sure you can participate in the clean-up, and your neighbors are here to help.
